Hi everyone:

If you're receiving this email, you expressed interest in not only being a member of our mailing list but a member of the Middlebury community we are working to cultivate. We appreciate this beyond measure and want to put in the work with you to see this happen. Read this email to get some important updates from us:

J-Term Resolutions for a More United Campus

We have just released our last resolution for our J-Term Resolutions for a More United Campus series. A PDF of all of the resolutions has been attached to this email as well and the form [linked here](#). If you already signed, take a look at the form again to add other resolutions you may agree with that were not yet released. Take a look, and feel free to share the resolutions as well as this email with anyone you believe may be interested!

Organization Status and Presence

We have worked over the course of the last semester to become an official campus organization to ensure that the work CSM aims to accomplish continues long into the future. We are excited to have accomplished this goal and look forward to working to enact change on our campus in the coming years. We will begin having general meetings starting in March and all are welcome! Updates will be coming in the approaching weeks on this topic. If you have ideas you want to bring to us for CSM to work on, these meetings are a great way to do so. Additionally, feel free to join our Presence (you will be receiving a Presence invite shortly), especially if you have initiatives that you want to work on!

Recognizing Black History Month

We also want to take the time to recognize Black History Month. Without the many sacrifices and contributions of Black individuals in our society, we would not have many of the structures we have today. We thank them for their work and pledge to continue building upon it in the Middlebury community. Our organization was founded on the principles of making sure underrepresented voices— including Black voices, are represented in our community and we will continue to live up to this standard.
